bedside manner

365 Wholesale's iHome Bluetooth Bedside Dual Alarm Clock with USB Charging and Line-in features a USB port for charging mobile devices, dual alarms with a dedicated alarm time display, and Bluetooth and universal 3.5 mm stereo connections for cranking House of Pain's "Jump Around" at 6 a.m. (It's the only thing that actually gets us out of bed.) The dock has three imprint areas and comes in black only. (877) 834-4389

bowl 'em over

If you've ever thought, "Froot Loops are the greatest food ever—how can I get away with serving them at a formal dinner party?" then the Crystalline Bowl 5" W from Crystal D is for you. But even if you've never thought that, the bowl still works great as an award. It's made from crystal, measures 5x3x5" and has a 3x2" decoration area. (800) 544-1131

spacing out

The Bullet Grip Space Pen with Capacitive Stylus from Fisher Space Pen Co. features a medium-point black ink cartridge and has a matte black finish with chrome accents. The stylus pen works in temperatures as high as 250 degrees and as low as minus-30 degrees (matching exactly the yearly temperature extremes in Philadelphia). The pen comes in a gift box and sleeve. on the hot seat

The Air Compression + Shiatsu Massage Cushion with Heat from HoMedics has three massage zones and three air intensity settings for rolling, shiatsu and air compression massages. That sounds a lot better than the last massage we got, if you count "falling asleep on the couch and waking up to the cat kneading your back" as a massage. (We do.) The cushion includes a heat function and a programmable remote control. (248) 863-3000

Circle 280 on Info Card or visit www.promomarketing.com/infocard

etch and sketch

The Guillox 9 Ballpoint from Hub Pen Company comes in three high-gloss enamel colors and features a black ink cartridge, a silver engraved imprint and silver trim color. The twist-action pen also has an etched gunmetal barrel in a guilloche pattern, which is a lot more ornate than the etchings we used to do on our desks in eighth grade. (Hey, scratching out "I <3 'N Sync" with scissors is harder than it looks.) (800) 388-2323

isn't it iron-ic

Indiana Metal Craft's Branding Irons come in stock or custom designs, are made from solid brass, and include a hardwood handle and rawhide hanging-strap. They're great as business gifts, or for events such as company barbecues. (Just make sure you use it on the steaks, not your boss's Armani suit.) A 5x0.5" laser imprint is available. (800) 276-2208

SCAN WITH LAYAR

mirror, mirror on the call

The Mirror Power Bank from KTI Networks/KTI Promo has a 3x1.25" front imprint area that lights up in a four-phase light show at the push of a button. (Is it as impressive as a power bank that launches fireworks at the push of a button? No. But it's a whole lot safer.) The power bank comes in silver only and includes a cable for charging smartphones, MP3 players, Bluetooth headsets and more. (800) 275-6387

Circle 283 on Info Card or visit www.promomarketing.com/infocard

raising the bar

Navitor's Personalized Desk Bar with BC Slot comes in acrylic, stained walnut, black marble or green marble, and has a built-in business card holder. It's such a great business gift that we gave one to our boss. His reaction: "My name isn't Molly Siles, but ... thanks?" (We probably should have gotten it personalized.) The desk bar ranges in size from 1.75x18.5" to 2x10". (866) 892-0653

Circle 284 on Info Card or visit www.promomarketing.com/infocard

star power

In Greek mythology, Echo was a marine mammal who traveled through time and saved Earth by battling aliens. (Or maybe that was Ecco the Dolphin, the Sega Genesis game.) Norwood's Starfire Echo Award - Large has nothing to do with time travel or aliens, but it's still pretty cool. It's made of clear starfire glass and holds a one-location, 3x8.5" deep-etch imprint. Small- and medium-sized versions are also available. (877) 667-9663

Circle 285 on Info Card or visit www.promomarketing.com/infocard

SCAN WITH LAYAR

beat street

The Sticky Beats from PSL Canada comes in black or white and has a suction cup that allows users to place the Bluetooth speaker almost anywhere. We like to place it on our foreheads and pretend to be magical, "Get Lucky"-blasting unicorns, but that gets us lots of weird looks around the office. (Apparently, not everyone likes Daft Punk.) The speaker includes a built-in, rechargeable battery, a microphone for hands-free calls, and a USB charging cable. (800) 668-8998

Circle 286 on Info Card or visit www.promomarketing.com/infocard

cold as ice

Things the IceBang from Sweda Company LLC has: a rechargeable battery, a USB-to-micro-USB cable and a 2.5x1.375" imprint area. Things it does not have: any relation to Ice-nine. (Which is good because that didn't work out so well in Cat's Cradle.) The portable external power bank features a power status indicator display on the bottom and includes a silicone binding-band for holding a smartphone. (800) 848-8417

Circle 287 on Info Card or visit www.promomarketing.com/infocard

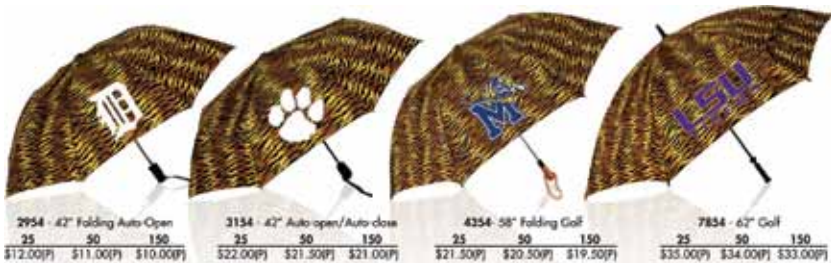

above the fold

The Reusable White Plastic FoldTop Container from Vistun is printed in high-gloss, high-definition full color and is great for thank-you gifts, candy or snack promotions and more. The reusable, recyclable container is dishwasher-safe, comes in four sizes and has a folding, locking lid. In other words, it's way better than our usual choice of food container. (Cool Ranch Doritos bags don't do so well in the dishwasher.) (800) 873-9133
